Yountville, Napa Valley

## 2011 Estate Cabernet Sauvignon

There is a sense of pride  
that comes from growing  
grapes on the same land  
for three generations.

By becoming vintners, our  
family's commitment to  
quality is now expressed in  
the wines we produce. Each  
vintage has a limited quantity,  
and we take the time to number  
each and every bottle.

Made with love and pride!!

This Cabernet Sauvignon is full  
bodied with flavours and aromas of  
black current and dark cherries, with  
undertones of cedar and black pepper.

It is complex with a long  
lingering finish.
